Dear Friends!
Here I am in Juarez, Mexico! I will leave on the 30th of March from El Paso to Vancouver. Juarez is still very dangerous, and children are always accompanied by there parents. Kidnapping is for real. My host, Pst. Chuy Alonso told me that his church in Kilometers has never been robbed or vandalized by any gang. He believes that is due to the love and care shown by his church when these gang members were young and they were fed and cared for, they continue to show respect to Pst. Chuy as a thank you.

Report about my first seminar here in the Kilometres in Juarez! The group was from a few different churches, including some pastors. All were very exited about the training.

As sometimes happens, there is usually someone that has come with big healing needs like a stroke, blind, deaf or cannot walk. When I see some one like this, I always get a little apprehensive as their needs are like a "mountain".

Anyway, first candidate for the demonstration time had pain on the side of his foot for 3 months. I had him remove his shoe and then I placed my hands on the pain to command healing. In a few short seconds he was stamping his foot stating the pain was totally gone.

After the lecture, I had all the folks that needed ministry, come to the front. They were matched up with those that did not need ministry. These folks ministered to the pain of the others. And wouldn't you know it, there was a man that was totally blind, totally. The students laid hands on the folks with needs, including the blind fellow.

Testimonies:

- Lady said she had so much pain in her leg, she thought she was going to pass out: pain free
- Man with 1 month of dizziness was now dizzy free.
- lady had pain for many years throughout her body were healed
- Lady pain in knees healed
- Blind man, could see a little bit of light, 70% sight
-

These results were all by the newly trained students. As we teach persistence in healing, it was time to attack the blind man's situation. After about 20 minutes of ministry, he said he thought he received about 70% of his sight back. The next Tuesday, Pst Chuy and I visited the man at his home to continue to minister to him. His sight was improving but not 100%. I encouraged his wife to continue to minister to her husband and to start a routine of fasting as per training.

It is always good to re-visit past ministry locations and see the fruit of the seminars.

This young lady was saved and delivered from witchcraft last year. She was dressed very provocatively. As you can see there is now a big change in character!

These are photos from 2011. I was visiting an orphanage in the Kilometers of Juarez and the lady above, Mertha, had cataracts on both of her eyes. I was asked to minister to her and after 1 attempt nothing happen. She said don't worry because in my devotional today, I read how Jesus spit on some dirt and made mud. Then he placed the mud on the eyes. So, I asked for some dirt and water. Mertha stopped me and said she wanted my spit on the dirt. I complied and her cataracts were GONE!! When she saw her husband, Victor, she said "You are more handsome than I remember!" Sadly, Victor passed away 2 years ago.

Mertha is the pastor of a church in the Kilometers. This is the photo of her at the seminar! I will preach there on the next Sunday.

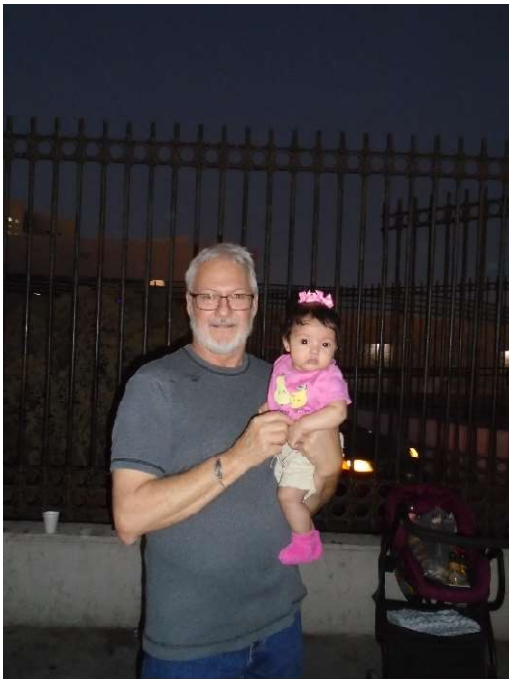
Tuesday Pst. Chuy and I visited a small part of his congregation for pastoral care and ministry. Very enjoyable time with good food, fellowship and healings.

My friend Yolanda had pain throughout her body for many, many years .Now pain free! Her husband had pain throught his neck and shoulders. He could not raise his arm. Now evrything is fine!!

Our sister had an earache and stomache pain. All healed

Ministry here in Juarez seemed to be fantastically unbelievable easy as everyone was healed with very little persistance. Understanding of the training was even better!

As always, I am the chick magnet:



Wednesday: Seminar for “door to door” evangelists! This is a group of very aggressive evangelist’s that visit their neighborhoods, on the streets and hospitals to share the gospel. Now they have been equipped to heal the sick and caste out demons.

Pain in hip and leg for 3 years!!

Pastors daughter had a swollen throat due to thyroid. Swelling is gone and the smile on her dad's face is precious.

This lady came to the seminar and told us that she was healed from kidney pain as she left the seminar. An example of the Gift of Healing when the Holy Spirit heals without any hands on ministry!! She also had a change of color in her hands due to a pygment disorder.

This man and wife from the Honduras came the seminar. He is a 10 kilometer Olympic silver medal winner and a professional boxer. He now focuses on street evangelism at 62 years old!

Thursday night I was out with the seminar folks at their hospital street outreach.

Worship to start!

Pain gone from operation to heal broken bones.

Another church outreach team.

Hip and knee pain gone!

Now can bend like “Manny Paquio”.

Lady had kidney and leg pain as well manifested a demon!

Girl on the right has arthritis throughout her body, now pain free!

Mexican churches are very aggressive in the evangelism. It is a thrill to be part of this ministry!!
